

Endowment Giving

Creating a new endowment or contributing to an existing one ensures the lasting support of exceptional health care, research, and innovation for years to come.

Endowment Giving & How it Works

Gifts set up as endowments provide ongoing support of the Hospital's needs by providing annual ongoing payments into the future.

Endowments may be structured and funded in various ways to provide flexibility and to match the wishes of donors.

Your endowment reflects your interests. You can choose how your fund will be used, name it in a way that's meaningful to you, and know that it will inspire others for years to come.

Endowments are established through an agreement between you and the KGH Foundation allowing you to:

- Select the area of care or program you wish to support
- Choose a meaningful name for your fund
- Decide how long the fund will remain active (minimum 10 years or forever?)

Because endowment funds are invested, the income they generate provides sustainable, long-term support for priority needs such as new technology, patient care programs, and leading-edge research.

Endowment donors make it possible for the KGH Foundation to plan confidently for the future because your generosity continues to make a difference year after year.

Giving for Greater Impact | **KGH**FOUNDATION

How to Get Started:

When creating an Endowment at the KGH Foundation, consider how to align your needs and goals by asking:

- What giving structure do you envision?
- Do you want to support general or specific purposes?
- Are you interested in potential recognition options or anonymity?
- What is your ideal giving schedule?
- Do you wish to have successors funding your endowment?

Share your ideas and questions with us about making an endowment gift today!
